Free up space with the Flexson Wall Mount for 4 Sonos Amps, the perfect way to wall mount up to four Sonos Amps.

Once mounted the Sonos Amps are quickly fitted. The clever hinged frame is designed to make cabling simpler and if required the connections are easily accessible once the install is completed.

Once the frame is closed and secured with the security screw, the units cannot be removed. In addition for extra security, a padlock can be fitted.

From the front, the cables are concealed behind a colour matched cable cover.

- Holds four Sonos Amps on the wall with concealed cable management
- Hinged design allows rear access to all four units for easy cabling
- The frame can be hinged left or right
- Can be locked closed with included security screw or additional padlock
- Colour matched to Sonos Amp
- Steel construction
- Manufactured in the UK
