# BASESTATION SET UP

Bottom

STEP 1
Insert USB cable into bottom of BaseStation and power supply.

Plug power supply into wall.

STEP 2
Power adapter can be ran out the back of the Base or down through the table for a clean hidden cable look using a 5/8" drill bit and the drill template.
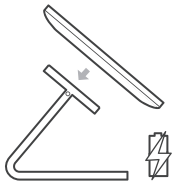

NANOPADCARE

Bottom

STEP 3

Remove plastic covering on the NanoPad before placing on the table.

STEP 4

Clean table with provided alcohol pad and ensure surface is dry before placing BaseStation.

If NanoPad loses its suction, clean NanoPad with a damp cloth.

ATTACH CASE TO BASESTATION

STEP 5

Ensure the Case is properly seated for secure mounting and charging.

Charging begins immediately.

Attach Case in portrait or landscape orientation.

To remove, pull from either left or right side.

BASESTATION SECURITY MOUNTING OPTIONS

The Luxe Case can be securely fastened to the BaseStation for permanent installation. The ability to articulate the viewing angle is maintained, even while secured. The BaseStation can be securely mounted to a desk, wall or VESA via MIS-D, 75 standards.
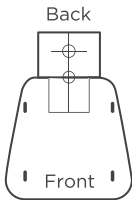

REMOVING SECURITY FOOT

Bottom

STEP 1

Use the provided lock tool to turn both security screws CLOCKWISE until full stop,
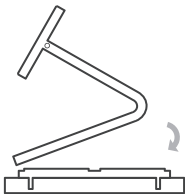

SCREW SECURITY FOOT TO TABLE

Back

Front

Use alignment target to help center the BaseStation. Use provided screws to secure Security Foot to table.
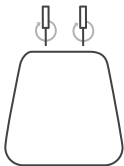

If routing cable into table:

Insert drill template onto BaseStation foot. Then mark and drill 5/8" cable hole.

Attach the FRONT of the BaseStation first, then set flat on the foot.

# SECURE BASESTATION TO SECURITY FOOT

Use the provided tool to turn both security screws COUNTERCLOCKWISE until full stop.
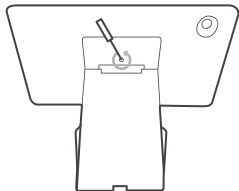

Place the Case back on the BaseStation in the desired orientation.

LOCK THE LUXE CASE TO THE BASESTATION

Use the provided tool to turn security screw COUNTERCLOCKWISE until stop.

The Case will remain locked to the BaseStation. To unlock the Case, turn the security screw CLOCKWISE and remove the Case.
