warm in here!

# Meet Strips Comfort

TEMPERATURE & LIGHT SENSOR

## Makes energy savings comfortable!

Introducing Strips Comfort, the next member of the Strips ultra-thin family of sensors! Joining Strips Guard for your windows and doors and Strips Drip to let you know if there is a leak. Strips Comfort measures temperature and light. Strips' unique design allows it to be placed discreetly and easily in most any place where you may need it. However, the shape of Strips is not the only thing that makes this the best choice for a temp/light sensor. Our custom battery has a life time of up to 10 years. For you, this means peace of mind that Strips Comfort will report for up to 10 years without ever needing to replace or recharge your battery.

- ✓ Temperature & light sensor
- ✓ Discreet mounting (ultra-thin design)
- ✓ Easy set up & installation
- ✓ Two-way communication (Z-wave® Plus)
- ✓ Built-in battery (Up to 10 year battery life)
- ✓ Mounting plate included

## BENEFITS - 2 SENSOR IN 1

Two sensors in one, designed to maximize your comfort

Can communicate with other Z-Wave devices like blinds and thermostats

Can assist in energy saving

Suitable for outdoor usage

Extremely thin design for flexible and discreet mounting

Convenient long-lasting battery, (up to 10 years), no changing or charging needed

Simple to add to your Z-Wave smart home system
